

As a certified practitioner, I utilize the Enneagram to create a foundation for the coach/client relationship, and the work we do together. The Enneagram is a guide on the journey towards self-development, relationship building, conflict resolution, and improving team dynamics. This tool empowers you to take responsibility for certain behaviors and ultimately grow from a greater understanding of your actions and reactions to everyday situations.

This assessment will become a roadmap, and life-long guide for you to be more aware of who you are and how you interact in the world.
